

Clackamas County Emergency Management

Community Profile

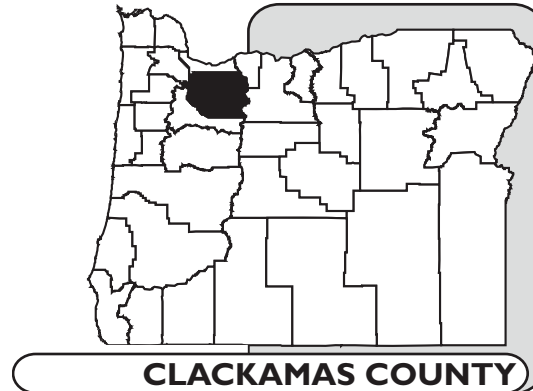

Population 372,270

Location Oregon City

Position Description

Sponsor Clackamas County
Emergency Management

Supervisor Jay Wilson,
Hazard Mitigation Coordinator

Assignment The RARE participant in Oregon City working with Clackamas County Emergency Management will work on one major project. The participant will be responsible for drafting and updating city natural hazard mitigation planning within Clackamas County. The following cities are included in the project: Milwaukie, Canby, Happy Valley, Johnson City, Rivergrove, Sandy, Damascus, and Wilsonville. The plans will be locally adopted, then submitted to FEMA for approval and ultimately amended to the 2007 Clackamas County Natural Hazard Mitigation Plan. The RARE participant's role will be in facilitating the mitigation planning process, compiling information and developing the final draft of each city's Natural Hazard Mitigation Plan.

RARE Participant

Laurel Reimer

Laurel grew up in Brea, California and graduated from the University of California – Los Angeles in 2008 with a degree in Geography and Environmental Studies. Laurel worked for five years in Brea as a community service leader, and then as an intern for the Mar Vista Community Council. During college Laurel performed research for the UCLA Institute of Transportation on issues of mass transit and connectivity. Laurel is in Oregon City working with Clackamas County Emergency Management on drafting and updating natural hazard mitigation plans for cities within Clackamas County. Cities include: Milwaukie, Canby, Happy Valley, Johnson City, Rivergrove, Sandy, Damascus, and Wilsonville. The plans will be locally adopted, then submitted to FEMA for approval and ultimately amended to the 2007 Clackamas County Natural Hazard Mitigation Plan. Laurel is facilitating the mitigation planning process, compiling information and developing the final draft of each city's Natural Hazard Mitigation Plan.
