

## TELESERVICE POLICY

A fundamental assumption of AmeriCorps service is that Members provide direct client services at their host sites. Under limited circumstances, the RARE AmeriCorps Program may approve an AmeriCorps Member's request to perform service under a teleservice agreement where they can perform project-related duties from home.

AmeriCorps State and National's policy is that teleservice should be rare and thus does not specify a maximum number of days that teleservice is allowed.

Requests for teleservice may be considered after a member has been serving satisfactorily at the host site at least two months. Both the Site Supervisor and the RARE AmeriCorps Program Director must agree that the following requirements are fully satisfied:

1. The RARE AmeriCorps Member has a significant need to make up service hours due to circumstances outside of their control, e.g. natural disaster, state of emergency, closure of physical host site office.
2. The RARE AmeriCorps Member has sufficient activities that can be performed remotely to occupy the requested teleservice time, e.g. developing marketing materials, engaging in training, virtual meetings.
3. The RARE AmeriCorps Member has access to reliable internet and phone service to be able to teleserve and be contacted as needed.

A RARE AmeriCorps Member must first receive approval from their Site Supervisor to log teleservice hours. Approval is granted through the completion of the following Teleservice Request Form. After receiving Site Supervisor approval, the RARE AmeriCorps Member or Site Supervisor should submit the completed Teleservice Request Form.

### Procedures for Teleservice

3. Retain copies of all Teleservice Request Forms, weekly work outlines and deliverables in compliance with CNCS Document Retention policy.

## **Policy/Procedure Violations**

At the discretion of the RARE AmeriCorps Program Director and the Oregon Volunteers Program Officer, a teleservice arrangement for a Member can be revoked at any time, without prior notice.

Violations of this policy are grounds for disciplinary action, up to and including the RARE AmeriCorps Member being exited for cause.

TELESERVICE REQUEST FORM

Under limited circumstances RARE AmeriCorps Members & Site Supervisors may jointly request teleservice/remote service at the discretion of the RARE AmeriCorps Program Director (temporary site closures due to events such as natural disasters, health epidemics, etc.). RARE AmeriCorps Members, in conjunction with their Site Supervisor, are required to create an outline (using the template provided by the RARE AmeriCorps Program) detailing the work that will be done during this period. In order to count service hours, Members must keep a description of their work, highlighting deliverables, which is to be broken up by 30-60 minute increments. In addition, at the end of their approved teleservice period, RARE AmeriCorps Members must submit documentation of their work to the Site Supervisor and RARE AmeriCorps Program Director.

Please submit the following form, along with a detailed work outline using the online template provided, to RARE AmeriCorps Program Director for approval after receiving Site Supervisor's signature.
